

# SAVE YOUR PRACTICE TIME AND MONEY!

## MMA 2008 Base

- Contains the most current fee schedule information and updates for Medicare, Medicaid and BCBSMT
- The Excel format in the Base is "user-friendly!" Location of codes and payment information is easily accessible and physicians can modify the Base to create a system for developing and reviewing charges.
- Updates are incorporated into one database, eliminating the work of physician staff to manually copy updates received in Medicare Bulletins to a separate document.
- CD-ROM format eliminates waste of paper and storage space. Database automatically downloads to your PC desktop.
